Classy Glass

One of the more creative ways to spruce up a dull, outdated backsplash or shower wall, is to add a splash of color or different texture. This could be accomplished by adding just a few pieces of artisan glass to any tile project. We offer various lines and have recently updated our samples. You can check out some of the art work online at www.miilastudios.com or stop on by our showroom. We would love to see you!

Special Thanks

As you know, we offer full turnkey service here at DCD. However, we do have some trusty "partners in crime" that help out behind the scene and don't always get the acknowledgement they deserve.

- Thank you to Appliance Alliance who help our customers by continually offering aggressive pricing and excellent lead times.
- Luke Greco has added some color to the walls here at DCD and we want to express our gratitude for the awesome work he has done.
- And if you haven't been here for some time, then you are missing out on seeing some of the most beautiful draperies provided by Draperies by Design. Thank you ladies for the spectacular addition to our showroom.
